Hello, I am an illustrator and animator from the north of England. I focus primarily on fantasy and science fiction artwork with a great sense of character and narrative. I like to build worlds and bring stories to life through my paintings. I have roots in animation, sequential art and game design.

COMPLETED QUESTS

FREELANCE ILLUSTRATOR 2016-Present

I have been working as a freelance illustrator since I graduated university. I have mostly done promotional posters and images for small businesses. I have also gained a following providing personal commissions. I have gained knowledge of how to conduct myself professionally and how to manage clients.

MANTRA TEAM GAMES 2017-2019

Lead Artist/ Lead Animator

I created all the artwork and animation for the game GOBLIN PEST CONTROL for this independent video game developer. Most of the artwork was created in photoshop and then animated in SPINE. I also animated all of the cutscenes and wrote the majority of the story, creating the world and its characters.

CASH TREE 2016

Lead Artist/ Lead Animator

I created all the artwork and animation for the game mobile game CASH TREE for Walter Needs Help Adventures. All artwork and animations were done in Flash.

CHEF 2017-Present

Various Cafes, Restaurants and Pubs.

I have worked part time in various roles in the hospitality industry. For the last few of years I have been working as a chef. This has given me excellent time management abilities and taught me to cope well under pressure.

EQUIPMENT

FALMOUTH UNIVERSITY 2013-16

BA (Hons) Illustration

I used this time to hone the draughting abilities I had cultivated before going. I experimented with various media and learned new printing techniques. I learnt self discipline as well as how to work to briefs and deadlines.
